Founder · Entrepreneur

cinarozkann07@gmail.com | +90 531 617 7396 | Vilnius, Lithuania | linkedin.com/in/cinarozkan

Founder and entrepreneur who turns ideas into real products with paying clients. I run the full cycle myself — building the product, reaching out to companies and closing the sale — while completing my first year of a Business degree abroad. One of my products drew direct interest from one of Lithuania's largest grain companies.

PROJECTS & PRODUCTS

Next Wave — B2B Market Intelligence Platform

2026

- Built a system that scans a company's market and surfaces competitors, demand and growth signals, fully sourced and cited.
- Developed for Kauno Grūdai, one of Lithuania's largest grain companies.

NexaBot — Smart Chatbot SaaS

2026

- Chatbot that embeds into any website, learns each business's own information and answers customer questions automatically.
- Currently live on three business websites; expanding to social-media auto-reply, with a public SaaS launch planned this summer.

Treat — Student Rewards App

2026

- App connecting university students with local businesses; pitched to investors through the VU TechHub pre-accelerator with strong feedback.

CLIENT WORK & EXPERIENCE

Freelance Product & Web Services

2025 – Present

- Sold and delivered a full SEO package to İlgin Eğitim Danışmanlık and web management to PCS, a foreign-trade company — both gave written references.

Intern — AUKOK.lt

Mar – May 2026

Smart Internship · Lithuania's largest donation platform

Waiter → Cashier → Manager — Red White Beach Club

Summers 2021 – 2024

- Worked up through every level of operations, learning hands-on how a real business and its money run day to day.

EDUCATION

Vilnius University — B.A. Business / Management

2025 – Present

First year completed successfully

Private Kırmızı Çizgi Science High School — Antalya

2021 – 2025

LEADERSHIP & COMMUNITY

- **School Student President** (2023–2024), elected by peers; **Class President** for four consecutive years.
- Led charity bazaars for orphaned children and a child with SMA — covered half of the child's treatment cost with funds raised.
- Organized annual events for individuals with intellectual disabilities (ZİÇEV) and collected aid for earthquake victims.

AWARDS & CERTIFICATES

- VU TechHub Pre-Accelerator — completed (2026)
- "Break into the Finance World" — LT VCA & Vilnius Univ. (2026)
- EY Power Skills Lab (2026)
- Future Skills Pentathlon — Vilnius Univ. (2025/26)
- Achieve More — Vilnius University (2026)
- TEDx — Service Division Chief Leader
- Street Basketball — City Champion (2023), Runner-up (2024)
